

Light the Night Pink with Love and Hope

Friday October 15, 2021

October has been designated as Breast Cancer Month. In 1993 President Clinton proclaimed the third Friday in October as the Official Breast Cancer Day.

Power 4 Pink would like to see us all be a beacon of hope in support of breast cancer during the month of October and on October 15th, 2021 by lighting a Pink lightbulb.

Join in by making a \$5.00 donation to Power 4 Pink and you will receive a pink lightbulb to celebrate and honor a breast cancer survivor, someone who has lost their life to breast cancer, and those yet to come.

POWER 4 PINK INCORPORATED is a 501(c)(3) charitable organization founded by Survivor Marcy L. Calvert in 2009. Marcy's vision is to provide assistance in the fight against breast cancer to survivors in Lorain County so they don't need to decide between treatment and food on their table.
